

Dear Travel Agents,

Because at Ilunion our priority have always been the **PEOPLE** whom we serve, we would like to inform you that our hotels will close their doors until **April 30, 2020**. We take this action because we believe it is our duty to guarantee the safety and health of our employees and citizens in general, following our culture of social responsibilities.

Regarding the cancellation policies on confirmed reservations, we will offer everyone the flexibility to either change dates or cancel any existing reservation without applying any penalties

Stay positive! We are confident that together we will prevail during these difficult times.
